Welch in 12-25-8. Redgers and associates No. 1 Love in 23-26-8 is and the 75-horse power motor did its akidding rig after drilling to 1,850 work quietly and efficiently. The

company figured the saving in detail as being due to the motor which com \$1,525, a saving of \$237 over a boiler and engine, and a greater saving in the use of fuel oil which was eliminated with the motor but amounted to \$2,160 with steam drivers en equipment. Other small savings were secured in the depreciation per well, amounting to \$257.50 and the cost of water which was cut down from \$480 to \$60. In only one instance was the cost greater, and that was in the cost of installation, accounted for by the fact that the equipment was new and changes had to be made involving labor charges that it will not be necessary to figure in the future.

24-9 will shortly begin the construction of a large supply house and will allow of ohe complete that this company is said to be considering the company has now being reported that this company has now to be made involving labor charges that it will not be necessary to figure in the future.

Agreement Made to Sell Stock
PONCA CITY Okla., Nov. 1.—An
agreement is announced whereby the
Blackwell Oil & Gas Co. to sell its
properties to J. B. Levy of New
York city, involving a total of \$2,205.000, which the stockholders will receive. The stack goes to Levy at a price of \$10.50 a share and there are 210,000 shares. Levy is also to assume all liabilities up to the present time. The properties of this company are all in northwestern Kay county, where the company has been operating for a number of years. It is also announced that the Ranola Oil company, comprised princi-pally of Enid and Chickasha men, has given an option on its properties at Ranger, Texas, the selling price to be \$1,200.000, the Ranola to re-tain the oil runs until the option expires. The price means from \$40 to \$45 per share for the stock; W. J. Otjen of Enid is the company's president and Enid people at o own \$200,000 worth of the stock.

Late News from Ardmore.

(By JOHN EASTLEY)

The drill in the Anderson & Simpson well is almost certain to enter a sand below the caprock that it is drilling in at this time, but whether

can tell at this time. The Texas company has made a location on the H. A. Hickas farm of 70 acres, in 6-6n-9e in the Allen dis- ABOLISH CREDITS AND trict of Pontotoc county. The tion is 585 feet east of the west of the section and 660 feet north of south line, which would place it in the southwest quarter. A dry hole was drilled about a half mile south of this well and it is the intention of the credit system and delivery charges would reduce the coat of living by 15 per cent according the Texas company to drill a good

feet in old hole. Empire Gas & Fuel

Co. No. 1 Temple in 13-27-8 is underressming to 2.350 feet. Edwards and associates No. 1 Baldwin in 6

LET US FIT YOUR EYES

Poorly fitted glasses are one of the curses of the nation. For if you have to wear glasses, what can give you more genuine satisfaction, enjoyment and relief than a properly fitted pair of glasses? If your eyes are giving you any trouble at all comes to US. We will test them and tell you honestly whether or not you need glasses. Our modern equipment and skillful examinations in every detail assures our patrons glasses especially adapted to their individual vision.

KRYPTOKS

THE INVISIBLE BIFOCALS

The great advantage of our bifocal glasses is a return to the eye of youth. They serve every purpose seeing—aust as perfect for distance as for close vision. You do not have to remove them or strain the muscles to look up from close work. They are ground to meet the NATURAL eye conditions and they do meet them, because no matter what you want to see, whether a "mile away" or a "foot near," the vision is just as perfect as the "vision of childhood."

Neither are there any cracks, seams or dividing lines, just a neat smooth lens with both near and distant vision. Ground in a solid piece of glass. solid piece of glass.

The business or professional man, the person who uses reading glasses a good deal of the time and is subject to the annoyances of removing them a thousand times each day, will appreciate the convenience and benefit of dur Kryptok Invisible Bifocal Glasses. Do not buy glasses from people who go from house to house or town to town. The "eyes you have" are the "only ones" you "ever will have," so guard them carefully.

Eye Glasses

in the U. S. Complete with spherical lenses ... \$3.50 lenses for \$4.50
